Our experienced team will talk you through all of the options & support you in building the perfect programme. We will work with you every step of the way to make sure you get the support you need to provide the perfect experience for your group.

## *So many choices...*

Moor House Adventure Centre provides a huge amount of amazing on site and off site activities and accommodation options to suit every group. Looking for adventure but a cosy bed at night? We have that covered or are you more of a water baby that loves camping? Well we have that covered too, in fact we have pretty much everything covered all you have to do is tell us what you want...

## Self Programme

The programme is ideal for those who have a clear idea of what they want to achieve, aimed at those who want to run some or all elements of their visits themselves. With camping or indoor accommodation options you can choose any number of the instructed activity sessions on offer. Many of our activity sessions deliver badge requirements.

## Full Programme

We will work with you to understand your requirements through the programme development stage in order to build a bespoke package that meet the specific objectives of your group. Full catering can be provided with an option of indoor accommodation or camping, including full instruction & all equipment.

## Mix & Match

The best of both worlds, the mix and match programme allows you to deliver some aspects of your programme whilst we deliver those that you can't or provide you with some additional planning time. The same options are still available so you can decide to camp or opt for our indoor accommodation as well as full catering.

## Activity Days

If you simply want to bring your group for the day, we can customise an adventure packed programme of activities based on your time constraints, programme needs and budget. Our package deals provide the most affordable solutions and can be supplemented by a catering service.

## Badge Courses

Bring your group to the centre and complete one of a number of badges during your stay. With several badges for each section to choose from, taking between just a few hours to a few days, our experienced team of instructors will ensure that you and your group get the most out of your visit and cover all the areas needed to complete the badge.
